[01] THE PROBLEM

Customers Run Out of Battery. You Lose Business.

Devices Die Fast

Phones and tablets frequently run out of battery during visits.

Staff Burden

Stores waste time lending chargers and managing lost cables.

Customers Leave

Low battery means shorter visits and lost sales.

No Revenue Share

Existing solutions fix the problem but give nothing back.

[06] ADVERTISING

Real-World Exposure Beyond Algorithms

Most digital ads are controlled by algorithms, showing only what users already search for.

ChargeDock is different. Our in-store screens introduce customers to new brands they weren't actively looking for.

- Free in-store promotion
- External ad income
- Cross-venue visibility

[07] POSITIONING

Everyday Locations

While most competitors focus only on bars and casinos, ChargeDock is designed for the everyday locations where people actually spend their time.

Where People Actually Spend Their Time

- Cafes
- Restaurants
- Retail Shops
- Pubs & Bars
- Event Venues
- Convenience Stores

Turn Empty Space into Revenue Today

No cost. No effort. Just profit.
